Terms And Conditions

1. Night Safety Data Pack Data Quota can be used for Any Type of Data Usage between 11PM (23:00:00) and 7AM (6:59:59).

2. Night Safety Data Pack's balance is 1st priority to consuming than other data packs.

3. Validity of package is depending of each ones (1 day, 3 days)

4. Night Safety Data pack does not provide data carry over function.

5. GSM/WCDMA users (Postpaid and Prepaid Swe Thahar) can subscribe Data Packs.

6. CDMA, Base Tariff users and Non-active users are not eligible to subscribe these packages.

7. When customer purchases Night Safety Data packs with "speed throttling", 1.5 Mbps speed throttling function will apply for Any Type of Data access between 11PM (23:00:00) and 7AM (6:59:59) until they fully consumed this Data quota, or they additionally purchase Night Safety Data packs without "speed throttling".

8. When customer purchases mix of Night Safety Data packs with "speed throttling" and without "speed throttling", speed throttling function will apply for latest purchased pack's "speed throttling" conditions.

9. When I have active Night Safety Data Pack (with 1.5 Mbps speed throttling) but this data quota is fully consumed, It will be deducted from other active Data Pack or main balance without 1.5 Mbps speed throttling. If you would like to continue to use 1.5 Mbps speed throttling function, you must purchase Night Safety Data Pack with 1.5 Mbps speed throttling again.

10. Multi-subscription is allowed, and the data quota and validity of Data allowances will be merged.

11. If users changed their account types from Postpaid to Prepaid and from Prepaid to Postpaid, they will not be able to use Night Safety Data Packs which they have already purchased.
